www.juxonpower.com

CE, RoHS, FCC and UKCA are available for selected models. UL, SAA, PSE, KC and CB documents can be provided according to model and target market.

Why Choose JuxonPower

B2B charger manufacturing and customization capability

12W-8000W	54+	2,000m²	24h
Power Range	Standard Models	Manufacturing Base	Quote Response

Production Workshop

Factory capability for repeat bulk orders and stable delivery.

Assembly Line

Standardized assembly and process control for charger products.

Aging Test

Burn-in and aging validation before shipment.

ATE Testing

Electrical performance and safety verification.

Quality Inspection

Incoming, in-process and final inspection workflow.

Testing Lab

Reliability testing for B2B charger projects.

Certification statement

CE, RoHS, FCC and UKCA are available for selected models. UL, SAA, PSE, KC and CB documents can be provided according to model and target market.

Battery Charger Range

Select by application, power and customization need

48W-180W

E-bike & Scooter Replacement

Bosch/Yamaha/Rosenberger/Phylion style replacement chargers.

OEM/ODM | Bulk Supply | Custom Connector

250W-900W

Medium Power Smart Chargers

Aluminum and IP-rated chargers for mobility, battery packs and service stock.

OEM/ODM | Bulk Supply | Custom Connector

1200W-3000W

Golf Cart & Light EV Chargers

High-current chargers for golf carts, utility vehicles and traction batteries.

OEM/ODM | Bulk Supply | Custom Connector

6000W-8000W

Industrial Battery Chargers

Project chargers for industrial packs, storage and heavy-duty charging.

OEM/ODM | Bulk Supply | Custom Connector

Recommended RFQ Information

Battery voltage • Battery chemistry • Connector photo • Quantity • Target market

We match charger output, connector, cable, label and packaging according to your project.

E-bike & Scooter Replacement Chargers

Compact replacement SKUs for wholesalers and service channels

JZX010-90A

90W Bosch-compatible

42V 2A e-bike charger; replacement and bulk supply.

JZX010-100C

100W Rosenberger

42V 2A magnetic connector charger for e-bike replacement.

JZX010-100D

100W Phylion-compatible

42V 2A replacement charger; connector can be customized.

JZX010-120A

120W Scooter Charger

54.6V 2A charger for 48V lithium scooter battery packs.

JZX010-120B

120W XLR Charger

67.2V 2A, 3-pin XLR output for 60V lithium packs.

JZX010-180A

180W Yamaha-compatible

42V 4A e-bike charger; connector matching by project.

Available project customization

OEM/ODM | Bulk Supply | Custom Connector | Custom Voltage | Custom Label | Custom Packaging

Medium Power Smart Chargers

Aluminum and sealed smart chargers for B2B stock programs

JZX010-300A

300W Aluminum Charger

12V-72V battery systems; Li-ion / LiFePO4 / lead-acid.

JZX010-450A

450W Outdoor Charger

Metal housing charger; OEM cable and output connector options.

JZX010-500A

500W Smart Charger

12V-72V smart charging platform for bulk supply.

JZX010-600A

600W High Power Charger

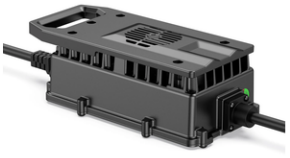
Industrial, off-road and e-mobility battery charging.

JZX010-800A

800W Aluminum Charger

High power lithium charger for e-mobility and battery packs.

JZX010-840A



840W Waterproof Charger

12V-72V; IP65 housing; active fan cooling; up to 25A.

Available project customization

OEM/ODM | Bulk Supply | Custom Connector | Custom Voltage | Custom Label | Custom Packaging

Waterproof & High Power Chargers

Project chargers for golf cart, e-mobility and traction batteries

JZX010-900A

900W Sealed Charger

48V-72V platform; waterproof housing and fan cooling.

JZX010-1200A

1200W Waterproof Charger

High-current charger for golf cart and traction battery packs.

JZX010-2000A

2000W Fast Charger

12V-72V high-current charger; golf cart / EV battery projects.

JZX010-2000B

2000W Waterproof Charger

24V-84V waterproof platform for field charging applications.

JZX010-2500A

2500W Smart Charger

24V-72V platform; Anderson / clips / custom output.

JZX010-3000A

3000W Aluminum Charger

12V-72V systems; dual fan cooling; high-current output.

Available project customization

OEM/ODM | Bulk Supply | Custom Connector | Custom Voltage | Custom Label | Custom Packaging

Industrial Battery Chargers

High power battery charger platforms for industrial applications

JZX010-6000A

6000W Industrial Charger

12V-72V high power charger for industrial battery packs.

JZX010-8000A

8000W Industrial Charger

12V-72V; 110V / 220V / 380V project options.

JZX010-3000A

3000W Aluminum Charger

12V-72V systems; dual fan cooling; high-current output.

JZX010-2000A

2000W Fast Charger

12V-72V high-current charger; golf cart / EV battery projects.

Available project customization

OEM/ODM | Bulk Supply | Custom Connector | Custom Voltage | Custom Label | Custom Packaging

Connector Selection Guide

Send connector photo for final matching before quotation

01

2+4 Pin

02

3 Pin Aviation

03

3 Pin E-bike

04

3 Pin Female Aviation

05

13

5 Pin Mini DIN Battery

14

5 Pin Round

15

5 Pin XLR

16

Bosch E-bike 3 Pin Connector

17

DC Barrel White Tip

18

DC Barrel Plug

19

DC Female Jack

20

DC Female Socket

21

DC Male Plug

22

Right Angle DC

23

Yamaha Compatible 500Wh E-bike Connector

24

Yamaha Compatible 630Wh E-bike Connector

For accurate matching, send a clear connector photo + battery voltage + battery chemistry + quantity.

Connector, cable length, polarity and label can be customized for OEM/ODM and bulk supply projects.

OEM/ODM Customization

From charger requirement to bulk supply

Custom Voltage

12V / 24V / 36V / 48V / 60V / 72V and project-specific output profiles.

Custom Connector

Match connector by photo: DC, XLR, GX16, aviation, Bosch/Yamaha style and more.

Custom Label

Private label, rating label, polarity mark and model information.

Custom Packaging

Neutral carton, private label carton, manual and document set.

Battery Chemistry

Li-ion, LiFePO4 and lead-acid charging profiles according to battery pack.

Bulk Supply

Stable repeat order support for wholesalers, distributors and OEM projects.

RFQ Process

1. Send Specs
2. Engineer Confirms
3. Sample / Datasheet
4. Bulk Production

B2B material only: no retail checkout, no Buy Now, no Add to Cart, no public price.
